## CAREER OBJECTIVE

I have a strong passion for web development, with expertise in HTML, CSS, and JavaScript, as well as hands-on experience with frameworks like React and Node.js. My primary focus is on creating dynamic and high-performance websites that deliver an excellent user experience.

---

## SKILLS

**Front-end:** JavaScript, React, JavaScript, ES6, HTML5, CSS3, Firebase, Git, JWT, Tailwind

**Back-end:** Node.js, Express.js, MongoDB

**Tools:** Git & Github, VS Code, Firebase, Vercel, NPM, Netlify

**Soft Skills:** Problem-solving, adaptability, communication, time management, active learner.

---

## PROJECTS

### Volunteer Management Website

[Live Site](#) | [Client Code](#) | [Server Code](#)

A user-friendly platform designed to manage and coordinate volunteer activities.

- Efficiently create, update, and delete volunteer need posts.
- Apply for posts and update volunteer counts, ensuring transparency and efficient slot filling.
- Implemented sorting, filtering, search, and pagination functionality for smooth data management.

**Technologies:** React, Tailwind CSS, Node.js, Express.js, MongoDB, Firebase, Tanstack Query, JWT

### Hostel Management System

[Live Site](#) | [Client Code](#) | [Server Code](#)

A system for university hostel admins to manage student meals and reviews, with student login for viewing and reviewing meals.

- User and admin-based dashboards for tailored data presentation.
- Dynamic meal management and review system to enhance operational efficiency.
- Integrated Stripe for secure payment processing.

**Technologies:** React, React Hook Form, Tailwind CSS, MongoDB, Stripe, Tanstack Query, MUI

### E-commerce Website - Art & Craft Gallery

[Live Site](#) | [Client Code](#) | [Server Code](#)

An e-commerce platform for painting and drawing supplies, offering a wide selection of artworks and materials for artists and enthusiasts.

- Admins can manage craft items with add, update, and delete functionality.
- Implemented user authentication and authorisation using JWT.
- Dark and light theme toggle for enhanced user experience.

**Technologies:** React, React Hook Form, Tailwind CSS, Daisy UI, Node.js, Express.js, MongoDB
